Martinez Lake Qualifier 1 2012 Results

Joey Jarrell led all anglers with a cumulative weight of 17.30lbs as a Co-Angler. What I have heard about what he was throwing was just short of the kitchen sink! The bite was tough and there wasn't a solid lock down pattern over the weekend. Joey was pitching, drop shot, frog, senko, fluke, ... Whatever he could get that one fish to hit on was the right bait/presentation at the moment. Joey's big fish was a 3.21lb for the weekend. On the Angler side Jeff Erickson lead with a weekend total of 16.55 and a big fish of 2.61lb. Big fish for the weekend went to Greg Krueger on the Co-Angler side which topped the scale at 5.32lbs.

Martinez Lake completed the 2011 season for TBF-AZ and opened 2012. The 2011 points are being calculated as this is an overlap tournament and some Anglers/Co-Anglers did not fish the 2011 season. The top four Anglers and top four Co-Anglers qualify for the State Team traveling in 2012 to compete in Colorado. The alternate is also selected at this time from the Angler side.

The next tournament is the Wildcard at Bartlett Lake for the final four positions on the State Team; two Anglers and two Co-Anglers. All members are encouraged to participate, but only those members who have met the participation requirement in the bylaw Section N, 1.
